

Uniforms

Hello, my name's **George Lynes**. During World War 1 I fought in Belgium alongside my dog, Somme. Many dogs like Somme were stray dogs picked up near the front lines of battle. Somme was very useful to us as he could find wounded soldiers on the battlefield, as well as hunt and kill rats in the trenches!

Try on a WW1 soldier's uniform. **What** features make it suitable for the often muddy, wet and cold conditions of trench warfare?

If you were designing a modern army uniform which materials would you choose? **Why?**
