

Find the Admiral's Field Gun

Stand facing the Admiral. He is the mannequin that is holding a compass.

Stand back two steps

Set your compass to 70 degrees, and walk in that direction for 9 steps

Set your compass to 180 degrees, and walk in that direction for 6 steps

Set your compass to 90 degrees, and walk in that direction for 8 steps (this will take you outside the museum door)

Set your compass to 360 degrees (North) and walk in that direction for 30 steps

Set your compass to 310 degrees and walk in that direction for 15 steps.

Remember: to make sure you are going the right way the red arrow on your compass should always point towards the red 'N' for North.
